## The DigiOmica Synergy

- \* The understanding that **"the whole is greater than the sum of its parts"** is the essence of the project's motivation.
- \* The synergy between DigiOmica and different fields of education, training, youth and sport is generated at various levels while the DigiOmica partners work together on value production.
- \* The strategies to build such synergy are:
  - ✓ Start with communication,
  - ✓ Foster trust and collaboration,
  - ✓ Set group norms intentionally.

## DigiOmica Objective

To develop an innovative educational curriculum based on

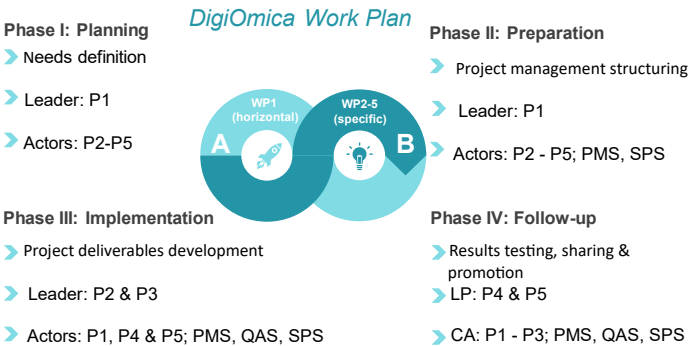

- \* Information & Communication Technology
- \* Molecular life science
- \* EQF/NQF/HE strategic system for organization of an education process
